

DR. BENJAMIN PETER

“
A patient had delivered at home and with the amount of blood she had lost was unable to reach the health facility, but through the training on BEmONC, I was able to perform a life saving procedure on the patient in her home, the procedure saved her life.
”

DR. BENJAMIN PETER, is a nurse at one of the health facilities supported by TAMANI. Through TAMANI, Dr. Benjamin received vital training on Basic Emergency Obstetric Maternal Newborn Care (BEmONC) and Emergency Obstetric and Newborn Care (EmONC).
