

# THE PROJECT EXPLORER

## WHAT IT IS

The [Project Explorer](#) is an open access platform that captures the most robust set of data on a wide range of development, humanitarian, human rights and gender equality projects across Canada and the world. It provides a wide range of data that organizations can leverage to identify opportunities and tailor funding strategies that align with their priorities.

## UNIQUE FEATURES

- A dynamic database with over a thousand projects (and counting!)
- The most critical, accessible and up to date data available, including key project details, location specific data, results highlights and much more
- Access to related project resources and tools (i.e., surveys, articles, toolkits, multimedia, etc.)
- Fully exportable data available in CSV and Excel for use in research, planning and reporting
- 100% bilingual

### Partner & Funder Profiles

- Reporting Organization
- Participating Organizations
- Funders

## WHY YOU'LL LOVE IT

- Search by **areas of focus** to see who is working where and on what issues to identify gaps within your communities of interest.
- Search by **funder** to see who funds similar projects so that you can approach them with appropriate and targeted asks.
- Search projects in specific communities and click on “partner and funder profiles” to discover **local organizations** that you might not otherwise find.
- Search by sector topic to identify **target populations** in order to see who is being reached (or not) to help select your priority focus groups.
- Search project-specific **outputs** to see what approaches have been successful and connect with lead organizations to learn about their work.
- Find these and more detailed information on the projects that interest you!

# AT A GLANCE

# THE PROJECT EXPLORER

## GETTING STARTED

**Step 1:** Check out what the Project Explorer has to offer [here](#)

- ✓ Search projects by topic of interest, Country/Region, Organizations and/or by keyword
- ✓ Take a deep dive into project details
- ✓ Download custom (CSV or Excel) files for further research and planning [across 20 data fields](#).

**Step 2:** Add your data to the Project Explorer

- ✓ [Create](#) your own Project Explorer Account.
- ✓ Log in to your account to add a new project or edit/update an existing project.
- ✓ Save your completed project form as a draft for review by CanWaCH admin.

1. Hover over **Data Exchange** and click **Add My Data** from the dropdown menu.

### Fill out the Create Account form

On the **Add My Data** page, fill out the form to create your account.

**You need to be affiliated with an organization to add data to the Project Explorer. If you do not find your organization on the list of organizations in the 'Organization' drop down menu, please send a request to [impact@canwach.ca](mailto:impact@canwach.ca) and we will be in touch with you.**

### Check your email

Once your new account is created, you will receive an email confirmation.

Clicking the link in the email confirmation directs you to a login page. After you log in, you will be directed to your Account page which will display the following message:

**Check out our complete step by step guide on how to add your data [here](#)!**
